The Reality series is backed by the strongest warranty in the industry: If you encounter any problems in the first year, we will replace the chair at no charge. Real quality and value. That's Reality.

- 1) High density compression molded foam
- 2) 6-Way adjustable arms
- 3) Adjustable seat angle
- 4) Sliding seat mechanism
- 5) Adjustable seat back

The Company Behind the Chair

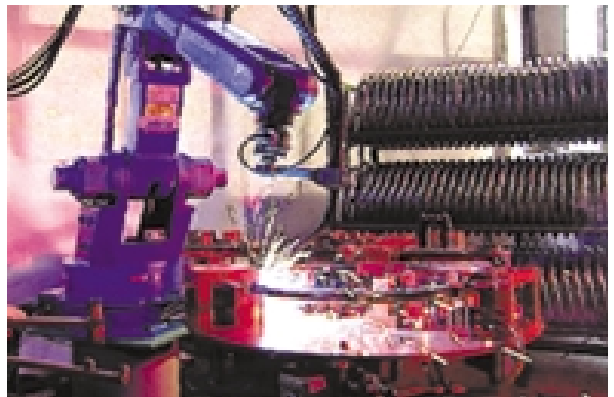

Dedicated to Performance. We Guarantee it.

ChairWorks Manufacturing Group is one of the world's oldest and largest leather furniture specialists with fully integrated factories that contain more than 2,000,000 square feet of start-of-the-art research and development and production facilities. Our engineers and CAD/CAM designers and product specialists create innovative products designed to the most rigid international standards.

- American owned and operated for 30 years
- In-house design, development and product testing

Our in-house automated equipment includes powder coating, CNC bending, robotic welding and foam assembly machinery. Plus, we perform most of our own tooling which allows us to manufacture much of our production equipment

and product components. Our minimal dependence upon subcontractors assures consistent quality and on-time delivery.

Promise

The Service Behind the Product

Customer Commitment. We Guarantee it.

ChairWorks is dedicated to the seating business and to providing you with total satisfaction. It is our people, our service and our product as a combined effort that sets us apart and helps us better meet your needs. We provide dedicated customer service, product technical support and distribution from our Lawrenceville, Georgia facility.

- In stock products for Quick Ship
- Meet or exceed ANSI/BIFMA
- Competitive lifetime limited warranty

We back up our internal organization with a network of sales representatives strategically located throughout the country. Together, we provide an extensive range of resources that are your assurance that ChairWorks delivers superior products, value and service.
