## CHAIR SAFETY TIPS

*Guidelines to ensure that your ChairWorks® chair will provide years of comfort and service.*

- Always read and follow assembly instructions. Make sure that all of the pieces of your ChairWorks chair are installed in the proper order to ensure structural integrity.
- Check that chair casters are fully inserted into the base.
- Inspect your chair for loose or worn parts at least once a year. For example tighten any loose connections on the arms.
- ALWAYS keep the base of your chair completely on the floor.
- Many ChairWorks chairs have a tilt tension control on the seating mechanism, under the seat. The tension control compensates for different body weights and postures. Always ensure that the control is properly adjusted for a smooth and controlled tilt motion.
- DO NOT stand on your chair, or sit on the arms.
- DO NOT put electrical appliances on your chair.
- Do choose the right chair for your work environment to get the best support and comfort for the daily tasks of your job.

### Limited 5-Year Warranty

ChairWorks® promises to repair or replace any CW2™ product or component that is found to be defective in material or workmanship within five (5) years from the date of original purchase so long as you, the original purchaser, still own it. This is your sole and exclusive remedy. This warranty is subject to the provisions below. It applies to product manufactured after April 1, 2010.

#### **LIMITATIONS:**

- Upholstery fabric on chairs is warranted for two years from date of purchase.
- Damage caused by the carrier in-transit is handled under separate terms.

#### **EXCEPTIONS:**

- Pneumatic cylinders on chairs are warranted for so long as you, the original purchaser, still own the chair.

#### **EXCLUSIONS:**

- Normal wear and tear, which are to be expected over the course of ownership.
- Modifications or attachments to the product that are not approved by ChairWorks.
- Products that were not installed, used or maintained in accordance with product instructions and warnings.
- Products used for rental purposes.

#### **SEATING USAGE**

Normal commercial use for seating is identified as the equivalent of a single shift, forty-(40) hour workweek. To the extent that a seating product is used in a manner exceeding this, the applicable warranty period will be reduced in a pro-rata manner.

#### **A WORD ABOUT COLOR VARIATIONS, FABRICS AND FINISHES:**

ChairWorks does not warrant the color-fastness or matching of colors, grains or textures of covering materials.
